

RE: PLANNED RESURFACING WORKS – TRIQ L-IMPREDITURI & TRIQ IT-TERRITORJALS

After several meetings between the Central Business District Foundation and Infrastructure Malta (IM), we are happy to inform you that **IM's appointed contractor** intends to mobilise to carry out resurfacing works along the following roads:

- **Triq l-Imprendituri**
- **Triq it-Territorjals**

To minimize as much as possible any inconvenience caused, the works are currently scheduled to be carried out during the following night-time periods:

- **Wednesday, 16th September 2026: 20:30 – 05:00**
- **Thursday, 17th September 2026: 20:30 – 05:00**
- **Friday, 18th September 2026: 20:30 – 05:00**

Due to the nature of the resurfacing works, **vehicular access through the affected roads will generally not be permitted during the above-mentioned timeframes.**

However, **commercial vehicles requiring access for essential servicing, deliveries, collections or other necessary services to businesses within the affected area may be permitted access, subject to the instructions of the contractor and the conditions on site.**

Operators are kindly requested to ensure that any such vehicle movements are kept to an absolute minimum and are carried out only when strictly necessary. All drivers must follow the instructions of the contractor and any temporary traffic management measures in place. Also, it is of utmost importance **not to leave any vehicles parked in the affected roads. Any vehicle found will need to be immediately towed away.**

You are also kindly requested to inform your suppliers, customers, contractors and other relevant stakeholders of these temporary access arrangements. We apologise for any inconvenience caused and appreciate your cooperation and understanding while these essential resurfacing works are being undertaken.

Kind regards,
The Team
